Lowndes County Head Start School Readiness Report Spring 2020-2021

167–Total enrollment
92– Transitioning Kindergarteners

Transitioning Kindergarteners for the 2021-2022 school year:

CHS-37
FDHS-36
JSHS-19

Of the 92 transitioning Kindergarteners, 61% or 67 children were assessed with the Early Growth Indicators Benchmark Assessment. 26 children were not assessed.

The number of enrolled transitioning Kindergarteners has increased since the Fall report. Although some children have participated in virtual instruction and have received instructional packets, all content areas of the assessment has increased since the Fall, with the exception of the Word Knowledge domain at JSHS. This is due to the limited number of children assessed. The Education Manager administers the assessment to ensure the data is accurate.

In the Fall, of the 92 transitioning Kindergarteners, 56 were assessed. In the Spring, 67 children were assessed.
